Dear Guests,

Thank you for attending our fundraising dinner in Detroit on May 15th, 2023, dedicated to supporting the Hall of Fame Family Recovery Fund. Donations raised will directly support individuals looking for mental health services but are unable to afford the costs associated with professional help.

The Hall of Fame Family Recovery Fund is designated for any current or former professional football player (regardless of career length), their spouse, children, or siblings to receive monetary support for mental health or substance abuse services.

Continued support can create long-term success for anyone motivated to change their mental health condition. Fund Recovery will have several fundraising events this year, and we have multiple opportunities for you to get involved. Our website, [fundrecovery.org](http://fundrecovery.org), will have announcements and information for all future events. If you would like more information about sponsorship, tickets, or how to donate, please contact Lauren Vest at [lauren@fundrecovery.org](mailto:lauren@fundrecovery.org).

Kind regards,

**RYAN CAIN**

# About Fund Recovery

---

Fund Recovery serves athletes, veterans, their families, and fans seeking assistance for mental health or addiction issues. We do this by filling the financial gap between the cost of receiving professional help and the ability for someone to pay. Fund Recovery provides monetary aid for people seeking positive change.

The Hall of Fame Family Recovery Fund is specifically designated for any former professional football player (regardless of career length), their spouse, children or siblings to receive monetary support for mental health or substance use services.

Fund Recovery is proud to partner with CaringWays to give you a platform to fundraise on behalf of your loved one. CaringWays is a private fundraising platform that works directly with organizations, like Fund Recovery, to help friends and family members pay for medical costs with greater ease, confidence, and security.
